

**CHASE MY BLUES AWAY**  
**(VF Chasse mon blues au loin)**

**Lonely in the morning**  
**Been dreaming crazy dreams**  
**All the night**  
**Staring at the ceiling**  
**It's like a movie screen**  
**It's alright**

**Goodmorning sunrise**  
**Fill my eyes**  
**And chase my blues away**  
**Good morning sunrise**  
**Make bright skies**  
**And chase my blues away**

**She loved me in the summer**  
**She didn't mean to stay**  
**Anyway**  
**I was a brand new lover**  
**It's crazy how things change**  
**Every day**

**Goodmorning sunrise ....**
